

EDUCATION IS PREVENTION

Health Promotion: Safe and Informed Sex

Sexual Health Education: STIs, HIV, AIDS

Keep yourself safe!

Shanti Orange County offers Sexual Health Education presentations to high school, college, and university students. We aim to educate today's youth on STIs and HIV/AIDS, as well as promote a healthy understanding of what constitutes safe and consensual sex.

GOALS:

- ❖ Promote STI, HIV/AIDS testing
- ❖ Address the dangers and spread of an infection/disease
- ❖ Provide prevention strategies
- ❖ Foster in students a safe and healthy attitude towards sex

BE WISE. BE SURE. BE SAFE.

OC teachers and college professors can request a presentation by contacting:

admin@shantioc.org.
